

## Memorial Committee

### The Memorial Committee

The Memorial Committee, which meets as needed, considers and recommends all nominations for memorial plaques and memorial signage to commemorate citizens who have made lasting contributions to the City. This group is composed from the Chairs of the Historic Preservation Board, the Recreation Commission, the Board of Parks and Parkways, the Board of Adjustment/Zoning and Planning Board and the President of the Miami Springs Ministerial Association. Thanks to their efforts, the names and work of several noteworthy Miami Springs residents such as pioneer aviator Andy Heermance, longtime family doctor Dr. Van Browne and former Mayor (and half-brother to Glenn Curtiss) G. Carl Adams will live on forever in the heart of our community.
